Dear Pastor & Church Leaders,

This November, the global church will come together in over 123 nations with one voice to engage in the 20th year of Orphan Sunday awareness & action.

On November 14, 2021 thousands of Christ's followers will share how we can all engage in advocacy, adoption, foster care, family preservation and other initiatives to be with the vulnerable child in answer to God's call.

Access FREE digital resources & support to discover your congregation's path to serve. And pray with the Global community online on November 6 & 7.
